#### General Session

You have many tools to help you educate your employees about their PEBA benefits, and the 2018 Benefits at Work conference is here to make sure you're aware of all the latest resources. Find out what you need to know about the retirement and insurance changes happening now and at the beginning of 2019.

#### MoneyPlus

Immediately after General Session, we will introduce you to the new 2019 MoneyPlus flexible benefits vendor. We will also share useful information about how the new contract will work.

#### Concurrent workshops

You have been assigned a group number which is indicated on your nametag. Please attend workshops in the order for your group number listed below.

- **Group 1** Insurance 101, Retirement 101, PEBA Power Tools
- **Group 2** Retirement 101, PEBA Power Tools, Insurance 101
- **Group 3** PEBA Power Tools, Insurance 101, Retirement 101

#### Insurance 101

This workshop will explore the changes to the State Health Plan for 2019, such as premiums, copayments and deductibles, as well as critical open enrollment information. It will also review the National Medical Support Program and how it impacts benefits administrators.

#### Retirement 101

Employees can always learn more about their retirement – what they will need or how they will save, with or without a pension. We'll examine the PEBA retirement awareness materials in your toolbox, which can help everyone make final decisions for retirement.

## PEBA Power Tools

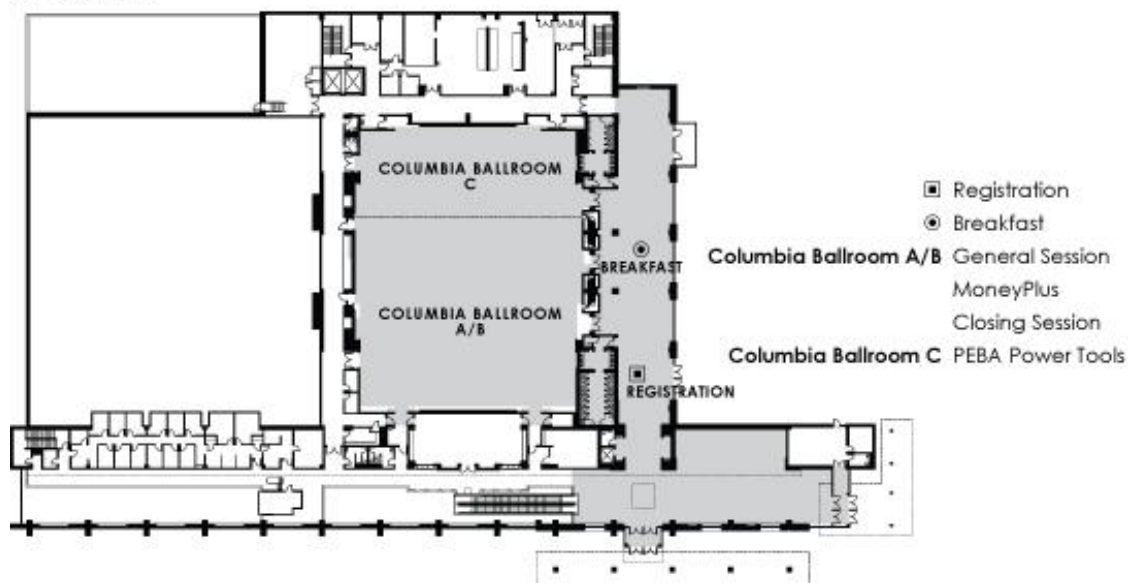

Get your tool belt ready! We don't have enough time to talk about all of our tools in the other workshops so we crammed this one full of the best employer and employee materials PEBA has to offer. We will show you how to better organize your workbench so you can serve your employees as effectively as possible.

## Closing Session

Join us at Closing Session where you'll have an opportunity to follow up with PEBA staff and win door prizes from our vendors.
